

**STATEMENT
PUBLIC PARTICIPATION**

- Each month our agenda includes an item called Public Comments
- The Cato Meridian Board of Education is pleased to welcome community and staff members to our meeting.
- The Board is very interested in hearing public comment, as our role is to represent the citizens of the school district.

Therefore, the Board of Education requests the following:

- Please provide your name before making your comment.
- Regarding school related issues, every effort should have been previously made to settle or answer questions related to the issue through the administration, based on established Board policy or administrative procedure.
- Remarks should be brief, limited to five (5) minutes and pertinent to the subject area
- You are asked to limit comments to your concerns with your child. No comments should be made about other students or any Cato Meridian Central staff member during your comments.
- Reminder – please do not use any names of Cato Meridian Central School District personnel or individual students' names during your comments.
- You may submit your personalized comments in writing to the Superintendent/Board for our review.

Thank you very much for your cooperation.
